Rentra

A Rental Marketplace for Tenants and Landlords

Find a place. Connect with a landlord. Manage your rental journey.

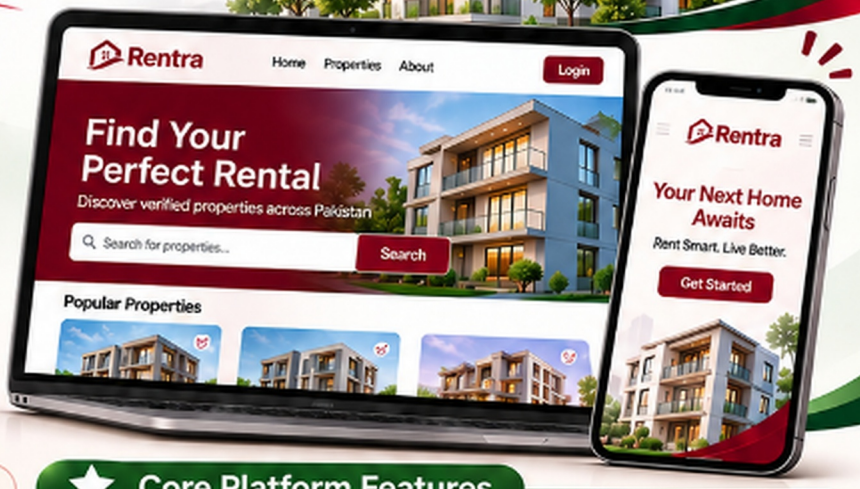

The Problem

Finding a rental home and managing the process can involve scattered property information, unclear communication, and multiple steps.

The Solution

Rentra brings property discovery and rental-management tools together in one platform.

Who Uses Rentra?

Tenants — Find & book rental properties

Landlords — List & manage properties

Administrators — Monitor and manage platform

Core Platform Features

- Property Listings
- Search & Filters
- Saved Listings
- Rental Requests
- Agreements & Payments
- Messaging & Notifications
- Reviews & Trust Profiles
- Admin Tools

How Rentra Works

1. **Discover** — Explore rental listings
2. **Connect** — Contact landlords or send requests
3. **Manage** — Track bookings and agreements

Why Rentra?

Rentra is designed to bring property discovery, landlord-tenant communication, and rental follow-up into one organized platform.
